TO WHOM IT MAY CONCERN

We confirm that we are Conservation Engineers and Project Managers for the Blarney Castle Estate Partnership and we have been executing a Conservation Management Plan for the Estate since 2009.

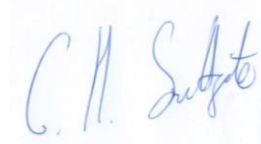

RBR Construction have been instructed in carrying out an important contribution of annual capital projects involving highly skilled masonry conservation, pointing and grouting in an environment of public access.

They have exhibited a first class skill in terms of Project Management, Foremanship, Conservation skills with adherence to programme and budget.

We have no hesitation in giving a reference for Conservation Projects of a complex nature.

Contact: Chris Southgate 00353 87 28558814.

Yours sincerely

CHRIS SOUTHGATE
